LIFT

LITERACY INTERVENTION FOR TEENS

Created through a collaboration between

HILL FOR LITERACY & Storyshares

Finding literacy interventions that engage adolescent learners is difficult. Supporting teachers to implement them successfully can be even harder.

LIFT combines evidence-based instructional materials, practical professional learning, and personalized coaching to help educators drive meaningful literacy outcomes.

INTERVENTION MATERIALS

Research-based literacy intervention designed specifically for grades 6-12. Engaging, age-respectful content is paired with structured literacy instruction to help struggling readers build essential skills.

PROFESSIONAL LEARNING

Self-paced professional learning equips teachers with the knowledge and instructional routines needed to effectively deliver literacy intervention and support diverse learner needs.

VIDEO COACHING

COMING SOON

Personalized video coaching helps teachers put learning into practice through targeted feedback, reflection, and just-in-time support that strengthens instruction over time.
